A HANDBOOK FOR GREENE COUNTY REPUBLICAN CENTRAL COMMITTEE MEMBERS

August 2018
The Republican Party was started in 1854 and has been guided since then by a philosophy that is marked by:

1. A commitment to Individualism; and,
2. Belief in the free enterprise system.

As Republicans we hold that social, economic and political stability can be best achieved with a minimum of federal government intervention. The party accepts the idea that the government closest to the individual citizen can serve the citizen best and at the lowest cost. For this reason the party has a long and distinguished history of activity in local elections. This activity is based on the premise that political power held locally, rather than nationally, will ensure good government through the development of capable state and federal leadership in local offices. Therefore, it is vitally important to attract high quality candidates for local level offices.

The party holds that those who cannot provide for themselves should be assisted by the government, through local government if possible, and by society, but that every effort should be made to help them become self-supporting and independent.

The party looks to the federal government for the maintenance of sound money and a responsible economy. We also expect the federal government to maintain a strong defense.

The party believes that equal rights, equal justice and equal opportunity for all should be a national right regardless of sex, creed, race, age or national origin.

The party supports the security of the individual through support of the Constitution, the laws and the courts.

These concepts are the foundation of our strength as a political party and our promise for the future of our nation.

The foregoing Statement of Philosophy was officially adopted
By the Greene County Republican Central Committee in 1990.
WHAT THE PARTY EXPECTS OF EVERY REPUBLICAN COMMITTEEMAN AND COMMITTEEWOMAN

- To build the party by establishing in his or her voting district a network of like-minded voters who will support and work for Republican candidates during elections.

- To attend every Central Committee Meeting and function.

- To abide by the policy that the Central Committee as such will not take sides in a primary election.

- To actively support the Republican Candidate in the General Election even though it is a person you did not support in the Primary Election. However, if in good conscience you cannot vote for the Republican Candidate, then keep it to yourself and do not make your position public.

- To be the neighborhood contact person for Republican Candidates for office and to assist candidates in your voting district.

- To be a good citizen and refrain from public conduct which reflects adversely on the Republican Party or its candidates.

- To be a Member of TARGET and support its activities.

- To be active in community affairs, civic clubs and especially in your place of worship.

- To concentrate on issues which unite the party and steer clear of those which tend to divide it.
DUTIES OF A COMMITTEE PERSON

1. Work for the election of Republican candidates.

2. Represent the Republicans in the Ward or Township from which you have been elected in meetings and activities of the Central Committee.

3. Attend ALL meetings of the Central Committee unless prevented by illness or absence from the County. The By-Laws provide for limited use of proxies for occasions when you can’t be present.

5. Assist TARGET in selling tickets to fundraisers, as well as attending events.

6. Build and maintain a network of your Republican neighbors and friends in your Ward or Township. Establish a means of communications—via text, email, phone, etc. to help spread the word about party events. Identify people who will help you “get out the vote”, who would consider permitting Republican Candidates (approved by them of course) to put yard signs on their property, who would “walk” the neighborhood with a given Republican candidate or perhaps be willing to host a coffee or candidate event. In short, become the link between your constituents and the Republican Party.

7. Use your ability as a Committee Person to nominate the individuals who serve at polling places during elections as paid “poll workers” to help build the party’s strength in your Ward or Township. Personally talk to each person who is presently a Republican “poll worker” or whom you might consider nominating for such position. Make sure that they will support you and the party by helping with the tasks described in the preceding paragraph.

8. Assist the party in identifying and encouraging outstanding Republicans to run for public office.

9. Be responsible for placing Republican yard signs at their polling place for a general election.

10. Be willing to volunteer and to remain active in the community, as well as political campaigns.

11. Recruit Ward or Township volunteers as well as Auxiliary Members (as defined in the By-Laws). Provide Ward or Township voter identification and canvassing of precinct.

12. Remember the Republican Philosophy. Remember that the work of the party is to promote candidates not causes. Remember that our party seeks to include all who embrace the Republican Philosophy. Be positive about your service on the Central Committee and attempt to live by Ronald Reagan’s 11th Commandment for our party: “Never speak ill of another Republican!”

The election of Legislative District officers is governed by Section 115.619 of the Revised Statutes of Missouri:

Composition of legislative, senatorial, congressional and judicial district committees.

1. The membership of a legislative district committee shall consist of all county committee members within the legislative district, except as provided in subsections 4 and 5 of this section. In all counties of this state which are wholly contained within a legislative district, or in which there are two or more whole legislative districts, or one whole legislative district and part of another legislative district, or parts of two or more legislative districts, there shall be elected from the membership of each legislative district committee a chairman and a vice chairman, one of whom shall be a woman and one of whom shall be a man, and each legislative district at the same time shall elect a secretary and a treasurer, one of whom shall be a woman and one of whom shall be a man, but who may or may not be members of the legislative district committee. Party state committees may provide for voting by proxy and for weighted or fractional voting.

The organization of a Legislative District Committee is prescribed by Section 115.621, R.S. MO as follows

2. The members of each legislative district committee shall meet at some place within the legislative district or within one of the counties in which the legislative district exists, to be designated by the current chair of the committee, on the third Wednesday after each August primary election. The county courthouse in counties of the first, second and third classification in which the meeting is to take place, as designated by the chair, shall be made available for such meeting and any other legislative district political party committee meeting at no charge to the committee. At the meeting, the committee shall organize pursuant to subsection 1 of section 115.619

115.605. Purpose of committee. –
Each party committee shall be selected as provided in this subchapter for the purpose of representing and acting for the party in the interim between party conventions (L. 1977 H.B. 101&14.005)

Accordingly, as members of the Central Committee usually comprise the officers elected to serve on a Legislative District Committee, the Central Committee has established the following expectations for Legislative District officials elected from the Central Committee:

1. The Legislative District Chairs and Officers are charged with the obligation to organize the district committee and to see to its operation during the election cycle.

2. The Chairs of Legislative Districts are to serve as a primary resource of advice and support for the Committee persons elected to serve their respective voting subdivisions located within the Legislative District.

3. In voting districts where there is no serving Committeeman or Committeeewoman, the Legislative District Chair shall attempt to seek out a suitable person or persons to nominate for election by the
Central Committee to such position. In doing so the Legislative District officers shall inquire of any such candidate of his or her qualifications, their loyalty to the Republican Party and its candidates for election and their willingness to aid the party by their efforts, to assist, aid and elect the party’s candidates and the District Chair shall provide a written endorsement of each such person so nominated.

4. The Legislative District Committee should also establish and maintain a “calling tree” stretching from its Chair throughout each voting subdivision in their respective District to enable the expeditious notification of party members of important information in exigent circumstances.

Legislative District Chair persons also play an important role in the composition of the Congressional District Committees and one of the criteria for election as a Congressional District Chair is that the person chosen must be a seated Legislative District Chair person of a Legislative District within the Congressional District.
